

Pen Tool—Assignment 1

Assignment Description:

The pen tool is a very powerful tool, allowing you to make adjustable complex vector designs. Become familiar with the pen tool & practice your precision/accuracy by tracing over the pre-made shapes.

Directions:

- Click to open the "**pen_tool_-_assignment_1.jpg**" file on the website.
 - o After it opens, right-click the photo & select "*Save picture as...*"
 - o Save this file into your "Visual Communications" folder.

- Open this file in Photoshop.
- Create custom vector shapes by outlining the 4 shapes with the pen tool.
(You will be graded on how close your shape is to the original. The less path points, the better!)
 - o I would suggest zooming in on 1 shape at a time.
 - o (For your benefit—I left the handles visible so you could see how far to drag them).

Save your assignment:

- Format: **TIFF**
- H:/Drive→ Visual Communications→ Assignments/Projects→
- Save it as: ***03 Pen Tool Assignment 1 – Arlene P***
