

Marquee Tool Assignment

Assignment Description:

Become familiar with the rectangle & ellipse marquee tool.

Directions:

1. Find a picture of a celebrity's face online.
2. Open it into Photoshop.
3. Use the rectangle marquee tool to select both of the eyes. Copy your selection.
4. Create a new document:
 - o Size: 4x5 inches
 - o 200 dpi
5. Paste the eyes onto this document.
6. Use the elliptical marquee tool to select one of the eyes.
 - o Cut & paste it to this current document (so it's on a new layer).
 - o Use "free transform" to enlarge the eye about twice the size of the original.
7. Select the background layer.
8. Draw a large oval with the elliptical marquee tool & fill it with your favorite color.
9. With the oval still selected, use the brush tool to write the celebrity's name inside of it.

(When complete, it should look similar to the picture above).
